

Service Options: Choose Your Level of Partnership

DataShield Insight delivers visibility, but how you implement and operationalize that visibility depends on your organization's needs, resources, and risk profile. The table below summarizes the three service tiers.

	Self-Service	Guided Consultation	Full MCOP Partnership
Best for	Teams with internal IT capability	Lean teams needing expert guidance	Organizations needing hands-off 24/7 SOC
Sensor deployment	Self-managed	Self-managed with expert review	On-site by Data Defenders
Analytics access	Self-service portal	Portal plus expert interpretation	Full SOC monitoring 24/7/365
Remediation guidance	Documentation only	Prioritized roadmap	Continuous optimization
Board reporting	Self-generated	Quarterly executive reviews	Monthly C-level reporting
Compliance alignment	Self-assessed	Compliance Alignment Score	Continuous compliance evidence
Starting investment	Custom pricing	Custom pricing	Custom pricing
